

# STAINLESS STEEL DOUBLE JACKETED TANKS

<b>TYPE:</b>	S.S double jacketed tanks
<b>CAPACITY:</b>	100 – 10,000 L
<b>ORIENTATION:</b>	Vertical or horizontal
<b>HEAT SOURCE:</b>	Hot water or steam
<b>MATERIAL:</b>	S.S 304 and S.S 316
<b>OPERATING PRESSURE:</b>	Up to 4
<b>TESTING PRESSURE:</b>	6 bar

Our double jacketed tanks are used for pharmaceutical and food industries where direct coil heating is undesired. Hence, the double jacketing technology offers a cleaner and safer method of heating.
